48 "Accordingly, it must be established whether the specific scope of Article 22(4) of Regulation No 44/2001, as interpreted by the Court, affects the application of Article 31 of that regulation in a situation such as that at issue in the main proceedings, which concerns an action for infringement in which the invalidity of a European patent has been raised, at an interim stage, as a defence to the adoption of a provisional measure concerning cross-border prohibition against infringement."
